Holiday greetings from **Joseph Amzallag**, National President

While last year, we connected via live streaming and digital platforms, this year, after a long “battle”, synagogues and communities are finalizing celebrations back to houses of worship. Empty seats will again be filled with friends, families and neighbours who will mingle, pray, and share their faith in unison as they have done before.

We look forward to gathering for Seder feasts, to enjoy the celebrations, to remember the past, the present lessons of resilience and take away lessons to share about the new odyssey and rising opportunities which lie ahead. We will remember the story of the Exodus and we will open our hearts to the suffering of several million Ukrainians who have fled their war-torn country to reach new safe heavens in Europe, Canada, the United States and Israel.

Thanks to your tremendous support and generosity, Magen David Adom has been able to help its beneficiaries overcome the global health crisis by providing the necessary resources to cope with the emergency challenges across the spectrum and, at the same time, build for the future. We look forward to reaching new milestones with the inauguration of the new National Blood Centre this spring as well as a new dispatch center and embrace the new era with hope, determination, and strength. Why? Because human lives matter, as it is said, “He who saves a life, it is as if he saves an entire world”, as do your support, solidarity and contributions.

We look forward to greeting you at our gala events in Montreal, Toronto and Calgary.

Chag Pessah Sameah

Vœux de bonnes fêtes **Joseph Amzallag**, Président national

Alors que l’an dernier, nous nous sommes connectés au moyen de plateformes numériques et de diffusion en ligne cette année, après une longue « bataille », les synagogues et les communautés finalisent les célébrations de retour au sein des lieux de culte. Les sièges vides seront de nouveau occupés par des amis, des familles et des voisins qui se parleront, prieront et partageront leur foi ensemble comme ils le faisaient auparavant.

Nous attendons avec impatience de nous réunir pour les festins du Seder, de profiter des célébrations, de nous commémorer le passé, de retenir les leçons de résilience et d’en partager d’autres au sujet de la nouvelle odyssée ainsi que des possibilités qui se présenteront à l’avenir. Nous nous rappellerons l’histoire de l’Exode et nous ouvrirons nos cœurs à la souffrance de plusieurs millions d’Ukrainiens qui ont fui leur pays en guerre pour atteindre de nouveaux cieux plus sûrs en Europe, au Canada, aux États-Unis et en Israël.

Grace à votre soutien extraordinaire et à votre générosité, Magen David Adom a pu aider ses bénéficiaires à surmonter la crise

sanitaire mondiale en procurant les ressources nécessaires pour affronter les enjeux d’urgence dans l’ensemble des domaines et, en même temps, bâtir l’avenir. Nous nous réjouissons à l’idée d’atteindre de nouveaux jalons avec l’inauguration du nouveau Centre national de services de transfusion ce printemps, ainsi qu’un nouveau centre de répartition et ainsi accueillir l’ère nouvelle avec espoir, détermination et force. Pourquoi? Parce que les vies humaines comptent, comme il est dit : « Qui sauve une vie sauve un monde », tout comme le font votre soutien, votre solidarité et vos contributions.

Nous avons hâte de vous accueillir lors de nos de gala à Montréal, Toronto et Calgary.

Chag Pessah Sameah

Joseph Amzallag,
National President / Président national

Saving Lives Beyond Israel's Borders

UKRAINE

As Israel's representative in the International Red Cross, Magen David Adom is doing everything it can to assist with the humanitarian crisis in Ukraine. MDA first responders are on the ground along the border to provide humanitarian aid and medical assistance to those who are in need. They are also assisting with providing shelter for refugees as well as sorting and allocating provisions.

MDA Israel has opened a registry for doctors and medical students living in and around Ukraine who wish to undergo a short period of training with MDA and the Red Cross and then volunteer on the ground. MDA has also opened a dedicated call centre within the MDA National Operations Center to aid Ukrainian refugees arriving in Israel.

As a proud member of the International Red Cross, MDA will continue to provide humanitarian aid wherever it can.

Magen David Adom and Hatzalah

ISRAEL

(Original story: Ronni Strongin)

Increased coordination between Magen David Adom and Hatzalah has resulted in a worldwide Jewish EMS network.

This relationship was best illustrated in June, 2021, when first responders and paramedics from Hatzalah South Florida raced to the scene of a condo collapse in Surfside, Florida. Although few of the EMTs had ever responded to a disaster of this nature, they were confident in their ability to provide treatment because they had been trained by Magen David Adom for just this type of scenario.

The relationship between MDA and U.S.-based Hatzalah organizations is mutually beneficial. MDA has provided American Hatzalah members

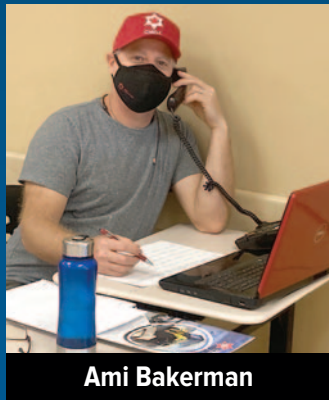

with training they are unable to receive in the States. And Hatzalah EMTs provide MDA with an auxiliary workforce when there are emergencies in Israel. It has also provided MDA with entrée into Orthodox communities.

"This is a huge asset to MDA and the Israeli people," said Uriel Goldberg, an MDA paramedic and instructor, who also serves as MDA's liaison with American Hatzalah organizations.

Yehiel Kalish, Chief Executive Officer of Chavra Hatzalah, the central coordinating group for Hatzalah in New York, said, "Given Magen David Adom's role in Israel and its level of expertise, working with their EMTs has afforded us advanced training and the ability to benefit from their many innovative protocols. And it has provided Hatzalah volunteers across the United States with the opportunity to forge a stronger connection with their fellow EMTs in Israel."

The relationship benefits both Magen David Adom and Hatzalah and has paid both organizations back in dividends many times over.

Another Successful Telethon

Ami Bakerman

Daniel Glikman

WINNIPEG

CMDA's Winnipeg Chapter's Annual Telethon enabled volunteers to reach out to existing and potential donors, with the aim of raising funds in order to donate an ambulance to the people of Israel.

Ami Bakerman, Winnipeg Chapter Chair and National Board member, and Daniel Glikman, Winnipeg Chapter Treasurer, were responsible for providing the volunteers with lists of names and answering any questions.

"The telethon was successful because, in addition to raising funds, it provided the opportunity to network with donors, something we have been unable to do because of Covid," said Ami. "Thank you to everyone who participated," added Daniel.

MDA Ambulances Protected Against Viruses

ISRAEL

(Original story by Abigail Klein Leichman)

In an effort to protect first responders, paramedics and patients against viruses, ambulances are being outfitted with easy-to-install air filters that transform the vehicles' air conditioning units into air purifiers.

The medical grade IN-EX filtration units, jointly developed by two Bar Ilan University scientists, have proven to be 99.15 percent effective against the coronavirus, influenza and other airborne viruses.

This innovative technology enables first responders to perform their duties in a safer environment and, at the same time, treat patients more effectively.

Magen David Adom & Ben-Gurion University Announce Academic Affiliation

ISRAEL

Magen David Adom (MDA) and Ben Gurion University of the Negev (BGU) have announced an academic affiliation designed to improve training for paramedics and emergency medical technicians, as well as improve the quality of pre-hospital emergency care in Israel and potentially around the world.

"Just as some of the most innovative and leading-edge medical centres are designated as teaching hospitals, we are officially making Magen David Adom a teaching EMS organization," said Eli Jaffe, MDA paramedic and Deputy Director for Community Health.

He continued, "The affiliation will enhance MDA's research abilities and expose the organization to a broader international audience through academic journals. MDA has experience in areas from which other EMS organizations can benefit – running a mass vaccination program, multi-casualty incidents."

A senior EMT practices a procedure on a mannequin

Oren Wacht, head of Ben Gurion University's Department of Emergency Medicine and its Medical-Simulation Centre said, "This affiliation provides us with an opportunity to capitalize on a number of synergies between MDA and BGU. This includes coordinating activities between MDA's paramedic school and BGU's three-year bachelor's degree program in emergency medicine, as well as sharing experiences and instructors."

MDA celebrated **91** years; **30,000** employees, volunteers and National Service volunteers; **14,000** Youth Volunteers; **18,000** Life Guardians; **30,000** COVID-19 Ambassadors; **4.5** million volunteer hours provided by MDA volunteers; The oldest volunteer is **92.5** years old; The youngest volunteer is **14** years old; MDA activates a total of **189** stations and satellite stations; **17** new stations were opened during the last year; **2,000** ambulances and MICUs are stationed around Israel; **61** 4x4 ambulances; **18** ATVs; **14** jeep-bulances; **24** MCRVs; **2** bus-bulances; **37** bulletproof MICUs and ambulances; **5** mobile light posts; **3** COVID- vaccination and testing caravans; **2** mobile MDA caravan stations; **525** Medi-Cycles; **34** intercity Medi-Cycles; **175** electric bicycles; **40** MERVs; **1** boat-bulance; **1,259,464** emergency callouts; MDA teams were dispatched every **25** seconds; **682,092** patients were treated by MDA teams; **44,023** of which were from motor vehicle collisions; **248** drowning patients were treated by MDA teams; **16,481** pregnant women were evacuated to the hospital; **972** babies were delivered by MDA teams; **350,000** people were trained in CPR and First Aid; **547** Youth Volunteers were trained in MCI response; **439** Youth Volunteers were trained as instructors; **269,023** units of blood were collected by MDA's Blood Services; **25%** of blood donors are women; **19%** of donors were first time blood donors; **27%** of blood units were collected on IDF bases; MDA's Blood Services operate **46** blood mobiles; **2** blood mobile caravans; **5,409** units of plasma were collected from recovered COVID-19 patients; **3,800** units were given (in hospitals) to **1,900** corona patients in moderate and severe condition (**2** per patient); MDA Human Milk Bank supplied **1,400** liters of human milk to infants in need in neonatal units; **155** new milk donors joined the project; **138** wishes were granted by the **2** Wish Ambulances; MDA operates **2** ALS helicopters; **330** patients were evacuated by the helicopters; **1** National Mobile Command Vehicle; **3** Regional Mobile Command Vehicles; MDA teams partook in **215** emergency preparedness drills; Over **2,717,174** calls were received in MDA's 101 Emergency Call Centers; A call was received on average every **11.5** seconds; The average time to answer a call is **4** seconds; MDA placed **1,000** AEDs in public areas in **141** communities around Israel; **101** is MDA's emergency phone number.

Marcus National Blood Services Center Dedication

NATIONAL

What has been a dream has now become a reality. Dedication of the Marcus National Blood Services Centre will take place on Monday, May 2nd, 2022.

The first of its kind, the Blood Centre will have an underground facility that can safely store Israel's blood supply – more than 500,000 units of blood -- and will include the most advanced equipment available today.

If you are planning to visit Israel in the beginning of May and would like to attend this special event, please contact the CMDA National Office at 514-731-4400; Toll Free: 1-800-731-2848.

The Generosity of Benefactors

CALGARY & TORONTO

Canadian Magen David Adom is the beneficiary of the generosity of Calgary philanthropists, Faigel and Leonard Shapiro, and Torontonians, Sigmund Silber Soudack and Linda Soudack. The families have joined forces and have donated an ambulance to the people of Israel. The ambulance is stationed in Kfar Saba.

Leonard Shapiro, the CMDA Calgary Chapter Chairman, said, "We are delighted to partner with the Soudacks and, with our donation, enable Magen David Adom to continue its lifesaving work."

Sigmund Silber Soudack, is a Holocaust survivor and an orphan. In 1948, he and his two older siblings made their way to Winnipeg and eventually were adopted by loving Jewish families. "It means a great deal to us that we are able to help protect the lives of Israelis," said Mr. Soudack.

Active supporters of Jewish community organizations, CMDA is grateful to the Shapiros and Soudacks for their encouragement and generosity.

MDA's Student Overseas Program

NATIONAL

If you are between the ages of 18 and 30, and are interested in training as an ambulance first responder or senior first responder, Magen David Adom has the perfect program for you.

The six-week program, which includes ten days of training, enables participants to volunteer at MDA stations throughout Israel. Program graduates are encouraged to return to Israel and take advanced courses and training in how to operate in mass casualty events.

If this program is of interest to you and for more information, please contact the CMDA National Office at 514-731-4400 or Toll Free at 1-800-731-2848.

LEADERS OF TOMORROW

TORONTO

The young leaders of the Israel Scouts Chapter in Toronto – high school students in grades 10, 11 and 12 – participated in a Covid-safe first aid training program conducted by Dr. Stanley Herman, CMDA national board member and a member of Magen David Adom's International Physicians' Group.

During the training, Dr. Herman informed the students about MDA's lifesaving work, in particular, its expertise in dealing with mass casualty incidents.

98 Years Young

TORONTO

Ray Pines' age may be slowing him down but his support of Israel has increased with the donations of an Automatic External Defibrillator in memory of his wife, Molly Pines, and an ambulance in memory of his wife and his parents, Morris and Busie Pines.

Born in Galatz, Romania in January, 1924, Ray eventually made his way to Toronto. After serving overseas during the war, he returned to Toronto and began to learn his trade as a tailor at Tip Top Tailors. In 1960, he opened the first of three men's wear stores.

Ray retired in the early 1990's but he continued to remain active by regularly swimming 100 lengths. Whether at his Toronto or Florida condos, people were in awe of his swimming prowess.

Family is very important to Ray as witnessed by his pride in his children, eight grandchildren, 17 great grandchildren, and his sister.

Thank you, Ray, for your generosity and may you continue to go from strength to strength and enjoy good health.

An Interview With CMDA Supporter, Fanny Wedro

CALGARY

At 94 years young, Calgary resident, Fanny Wedro, is as active and outspoken as someone half her age. A Holocaust survivor, Fanny is a passionate advocate for and supporter of Canadian Magen David Adom.

CMDA Western Region Director, Sharon Fraiman, met with Fanny to talk about the importance of Magen David Adom and its lifesaving work.

Sharon: Fanny, how important is Magen David Adom to the people of Israel?

Fanny: How could Israel survive without it? Magen David Adom is always first on the site of an accident, of an emergency. Magen David Adom is a necessity. It responds to the needs of the country. I have seen it many times. If an ambulance can't make it through the crowded streets, an emergency med-scooter can. The paramedic is able to treat the patient, often saving a life, until the ambulance arrives.

Sharon: MDA depends on the support of donors.

Fanny: Yes. MDA is not supported by the Israeli government. It depends on the generosity of donors which is why I believe so strongly in its mission.

Sharon: Do you feel that people know about Magen David Adom?

Fanny: Not enough people are aware of MDA and what it does. I first learned about MDA in 2006 during the war with Lebanon. I was watching the news and saw a building on fire in Israel. An MDA ambulance was quickly on the scene but, unfortunately, it was destroyed.

CMDA Western Region Director, Sharon Fraiman and Calgary resident, Fanny Wedro

My friends and I felt we had to do everything possible to replace that ambulance. Within a month, we had received enough donations to do just that. The Calgary community has been very supportive, having donated ambulances, emergency medical scooters, incubators, and essential medical equipment and supplies.

Sharon: At 94, you feel that it is important to continue your efforts on behalf of MDA?

Fanny: At my age, I do what I can. Magen David Adom saves lives – every day when every second is critical. I thank Magen David Adom, its paramedics and first responders. I thank all those who support the lifesaving efforts of MDA and I encourage others to do the same.

Sharon: On behalf of Canadian Magen David Adom, thank you, Fanny, for your continued support and generosity.

(L to R.) Samuel Moyal, Philippe Mamane, Gill Obadia, Joseph Amzallag, Norton Segal, Consul General Paul Hirschson, Sidney Benizri, Arlene Abitan, Joseph Bitton, Rick Leckner and Arie Rossdeutsch

An Evening With Consul General, Paul Hirschson

MONTREAL

As the newly-appointed Consul General to Israel in Montreal, Paul Hirschson has made it his mission to meet with the representatives of Montreal's Jewish organizations and synagogues.

A recent "meet and greet" at the Consulate with members of Canadian Magen David Adom's Board of Directors, together with a specially prepared power point, provided the Consul General with a better understanding of CMDA. "Because of short notice, many were unable to attend," said Joseph Amzallag, CMDA President. "Those of us who did attend were impressed with his interest and the warmth he exuded." Continued Joseph, "He was overwhelmed with our gift and we look forward to the Consul General participating in our future events."

TODA RABA

CMDA's National Board of Directors extends grateful appreciation to all the donors who have supported CMDA through the purchase of Mobile Intensive Care Units, Ambulances, Emergency Medi-Cycles, AED Defibrillators and vital medical
